

# HOMEMAKING

## 1) SEWING CLASS/QUILTING CLASS

- 2) Teach **DI or Garage Sale shopping** basics. Have a **FASHION SHOW**, or **SHOW AND TELL**, to show off your great buys. The best fun of all is to go shopping together! Keep within a budget, fix-up, repurpose, etc.
- 3) Cooking - Create an **On-Line Recipe Book** that all the sisters can tap into. Everyone contributes, tips on menu planning, notification on sale items, etc.
- 4) **CREATE A LIST OF TALENT AND SKILLS** in your ward and neighborhood; match them up with needs.
- 5) **Home Industry** - Offer ideas, support, and know-how.
- 6) Take a **community class** together on an agreed upon topic.
- 7) **HOST THE YW** in lessons on cooking, housecleaning, sewing, and organizing.
- 8) Teach **Computer Skills**
- 9) Offer a class on *simple home repairs*.
- 10) Gather **HOUSEKEEPING TIPS AND TRICKS**. Put it all on the ward website, or create a booklet, for all the women in the ward, including the YW. Organize it in such a way you can actually find what you need, or easily update with additional ideas.
- 11) **Teach the YM** how to sew on a button, fix a hem, plan and cook a meal, wash clothes, etc.
- 12) **MAKE YOUR OWN SOAPS AND CLEANING PRODUCTS**. You never know when that could come in handy.
